Most Americans oppose feeding tube removal

By Holly Lebowitz Rossi

Religion News Service

WASHINGTON (RNS)-A poll taken in the aftermath of Terry Schiavo's death shows 80 percent of Americans oppose removing the feeding tube of a disabled person who is not terminally ill or in a coma when that person has not left clear written wishes.

Fort Hood-area church ministers to 'temporarily single' parents

By Ken Camp

Managing Editor

BELTON—Family ministry at First Baptist Church in Belton includes helping meet the needs of a special breed of single parents—military spouses from nearby Fort Hood who function in that role temporarily.

'Living' worship

“Hymns are hot, as Christian artists seek lyrical richness” (May 16) correctly asserts hymns connect us to our theological and cultural roots, and they should always have a welcome place in our worship.

But the article reinforces common misconceptions. For example, “with the worship craze hitting a saturation point and churchgoers desiring more lyrical depth . . .” Or “worship trend.”
