Sharing makes BGCT ministry possible

“Texas Baptists saved the life of my son.” One man shocked me with this statement after I met with students at Truett Seminary in Waco.

He and his wife were missionaries to China. They went to China with one child and soon became pregnant with their second. In China, they were allowed only one child and were told they would have to abort. Of course, that was not an option. Texas Baptists brought them to Texas and provided him with a scholarship to study at Truett. He will graduate in May, and he and his family hope to return to China as missionaries with their 2 1/2-year-old miracle son.

Sheila and I met Kati (Kathryn) at Buckner International’s annual donor dinner. She is a beautiful 4-year-old from Guatemala. Kati was born with facial deformities and was abandoned at birth. This little throw-away child was taken to a Buckner home in Guatemala. Baylor Health Care learned of her condition and brought her to Dallas, where she received numerous surgeries. Now this beautiful little girl has been adopted and has a mother, father and siblings. Scott Collins of Buckner said 100,000 children are cared for in Buckner facilities around the world.

During these last few weeks, I have had the opportunity to begin a tour of Texas to meet with our church and institutional leaders. Susan shared about her desperate situation when she was a single mother with two small children, no job and no place to live. She was directed to the BGCT’s ministry in Round Rock, where she and her two sons lived the next 11 months. The staff of Children at Heart Ministries introduced Susan to Christ, taught her how to manage a budget, got her a job, and she and her boys moved to her own apartment.

As a layman, I spent a career in industry before becoming a full-time church staff member. Frankly, I'm excited about the prospects of using time-tested, proven business techniques from industry to accomplish kingdom purposes.

Acknowledge broken relationships

Anywhere two people are together, no matter what the relationship or how much they love each other, eventually there will be conflict. Disagreements will arise and each side will want to “win.” Our relationships involve our emotions, and because of that, feelings will be hurt as strain is placed on the relationship due to these conflicts.

RIGHT or WRONG? Guided by the Ten Commandments

RIGHT or WRONG? Guided by the Ten Commandments

We just don't hear about the Ten Commandments anymore. They

carry the essence of the law of our land and guidelines for all of life. I'm embarrassed that our preachers apparently aren't preaching the Ten Commandments. Lots of morality issues would be settled if they did, don't you think?
