## New Jersey court leaves gay marriage terminology to legislature

By **Robert Marus**

*Associated Baptist Press*

TRENTON, N.J. (ABP)—The New Jersey Supreme Court ruled the state's constitution requires that marriage rights be available to same-sex couples on an equal basis with heterosexuals. But the court left state legislators to decide whether to refer to the unions by the name "marriage" or a different term.

The decision leaves New Jersey in a situation akin to Vermont's, where legislators in 2000 passed the nation's first law legalizing "civil unions" for same-sex couples. Vermont's civil unions, which followed a similar court decision, offer the same rights and benefits as marriage without using the name.

DALLAS (ABP)—With Halloween fast approaching, adults across the nation are loading up on candy and decorations, planning to hunker down for a night of trick-or-treaters, parties and hi-jinx. But how many of them actually believe in the ghosts and aliens they so often display on their houses?

More than some might think.

# Wellness: Weight training for a balanced workout

By **Tamara Quintana**

Do barbells and weight machines make you think of Mr. Universe? Don't let these visions scare you from the great benefits of weight training, or strength training.

While aerobic exercise is important to reduce the risk of cardiovascular disease, develop endurance and burn calories, your physical fitness routine just isn't complete if you don't balance aerobics with a good weight training program.

## Wellness: Stretch it out!

By **Tamara Quintana**

You've listened to your doctor, you've read all the articles, and now you've made the commitment to make exercise a regular part of your life. Great! Your well-rounded exercise plan includes both aerobic exercise to improve your cardiovascular endurance and weight training to build strength. But are you missing something?

If stretching isn't a part of your routine, you're missing out on an important element. Stretching, also known as flexibility training, provides benefits such as:
