

Bosque Association churches catch hold of New Testament distribution

February 26, 2010

CLIFTON—The churches of Bosque Baptist Association are distributing 2,500 New Testaments as part of [Texas Hope 2010](#), an initiative to share the gospel with every Texan by Easter 2010.

Area congregations have distributed about 1,000 New Testaments since Jan. 1 and will continue sharing them through Easter, Director of Missions Bill Roe said.

Bosque Association churches hope people will come to Christ through their efforts, Roe said. They are excited to see how God moves through their ministry.

“They really caught a hold of it,” he said.

First Baptist Church in Clifton ordered 500 New Testaments in English and another 180 in Spanish. Its youth are mapping how the congregation will distribute the New Testaments.
