

Comanche church gives out CDs for Texas Hope 2010

January 15, 2010

As part of their participation in [Texas Hope 2010](#), Texas Baptists in Comanche County have ordered 2,500 evangelistic compact discs to distribute throughout the area.

The Texas Baptist congregations that placed the order are part of the Heart of Texas Baptist Network.

Van Christian, pastor of First Baptist Church in Comanche, said he hopes the Texas Hope 2010 compact discs will help spread the hope of Christ throughout the region. The discs contain audio and video gospel presentations, as well as provide access to Scripture in more than 400 languages.

“We saw the videos. We saw there’s good material on there,” he said.
