

Starr book describes years of disagreements with Baylor regents

October 31, 2016

Ken Starr came to the brink of resigning three times during his six-year tenure as Baylor University president, he writes in his forthcoming book, *Bear Country*. Starr submitted a chapter to the [Waco Tribune-Herald](#) that chronicles mounting tension between him and Baylor's board of regents in the years before his firing in May amid the school's sexual assault scandal.
