

# Texas Tidbits: Baylor track stadium approved

May 31, 2013

**Baylor regents approve track stadium.** [Baylor University's](#) board of regents approved construction of phase one of an on-campus track and field stadium. The \$13.6 million track and field stadium will be built along the Brazos River on the east side of the 93-acre Baylor Stadium property. The facility will accommodate 5,000 spectators and include a 6,000-square-foot team building containing men's and women's team locker rooms, training room, meeting room and equipment space, and a 13,500-square-foot indoor practice facility. Baylor's track and field program has produced nine Olympic gold medals, 36 NCAA championships and more than 600 All-America performances.

**TBM needs childcare workers for SBC.** [Texas Baptist Men](#) needs trained childcare providers to work with 4- and 5-year-olds while their parents attend the Southern Baptist Convention annual meeting, June 9-12 in Houston. Due to the disaster relief provided in the wake of recent tornadoes in Texas and Oklahoma, many of the volunteers who had planned to serve in Houston no longer are available.
